Publication Charges

The **Innovis Scientia Foundation**, being incorporated as a **Section-8 (not-for-profit) company**, hereby affirms that it does not levy any **Article Processing Charges (APC)** for the publication of manuscripts. However, in order to ensure the efficient management, quality

assurance, and sustainability of the publication process, the Foundation reserves the right to levy a **nominal fee of INR 10,000/- (rupees ten thousand per book)** towards operational and service-related components.

In general, the number of chapters in a book must not be more than 15.
